2. [Redacted] has completed a ninety-day TDY in preparation for a PCS assignment [Redacted]. The specifics of this assignment are outlined in the attachment to this report. Coming as it did after comprehensive training in courses offered by OTR, it provides the best preparation thus far devised in the JOT Program for anticipating the problems of the case officer in a foreign country. Attention is called to the different but somewhat similar type of training experienced by [Redacted]. Advantages are that the JOT becomes familiar with operational exercises in actual practice but under relatively secure environment, thus giving him additional experience to that gained in training courses before he faces field conditions.

This addition to our staff comes at a highly propitious time and should result in greatly increased effectiveness of the Program.
